

Blackboard: Schedule and Join Zoom Meetings

With Zoom's Blackboard integration, instructors can schedule, start, and manage meetings from their Blackboard courses. Students can join meetings and access cloud recordings from Blackboard as well.

Add Zoom to the Blackboard Course Menu

In Blackboard, students can access Zoom from the Tools link on the Course Menu. However, if you are frequently utilizing Zoom in your course, you may want to add a direct link for easy access to the tool.

1. Open your Blackboard course.
2. Click the **+** symbol in the top left corner of the course menu and select **Tool Link**.

3. Enter a **Name** for the link like *Zoom Meetings* or *Virtual Sessions*, for example.
4. From the **Type** drop-down menu, select **Zoom Meeting**.
5. Check the box to make it **Available to Users**.
6. Click **Submit**. You and your students can now access Zoom course meetings and recordings using this link.

There are three main fields: 'Name' with the value 'Zoom Meetings', 'Type' with a dropdown menu set to 'Zoom Meeting', and a checked checkbox labeled 'Available to Users'. At the bottom right, there are two buttons: 'Cancel' and 'Submit'.
