Doctor of Engineering
in the field of
Cybersecurity Analytics

Information Session
Wednesday, April 20

Classes Begin
August 2022

Shahram Sarkani, Ph.D., P.E.
Professor of Engineering Management and Systems Engineering
Director, SEAS Online Programs
Information Session Agenda

✓ Overview of The George Washington University

✓ Doctor of Engineering (D.Eng.) in Cybersecurity Analytics
  • Overview
  • Academic Requirements
  • Application Information

✓ Q & A Session
The George Washington University

- Chartered in 1821 by an Act of Congress
- 10 colleges and schools, including the School of Engineering & Applied Science
- More than 15,000 graduate students
- Alumni network of over 300,000 living alumni in 134 countries
- Accredited by the Middle States Commission on Higher Education
- GW’s Online Graduate Engineering Programs ranked #16 by US News
- GW’s Online Graduate Engineering Programs Ranked #14 for Veterans by the US News
Our Online Program

→ Online classes meet synchronously via Zoom and are recorded for viewing during the semester

→ Supported by Blackboard, GW’s web-based course management software

→ Exams are taken through a secure testing platform, Remote Proctor Now (RPNow)
D.Eng. Field of Study
Cybersecurity Analytics

The D.Eng. in Cybersecurity Analytics empowers the student to plan and implement security measures to protect an organization’s network and systems, implement strategies to track threats and monitor networks for security breaches, build secure and resilient computer systems with subject matter expertise in cybersecurity analytics, advanced tools and techniques for ensuring confidentiality, integrity, and availability of an organization’s data and systems.
Doctor of Engineering
Program Overview

• 45 credit hours (minimum)

• Classroom Phase
  • 10 graduate-level, 3-credit-hour courses

• Research Phase
  • Minimum 15 credit hours of praxis development
  • Praxis defense

• Program Begins: August 2022

• Planned Program Completion: August 2024

No classes on Thanksgiving, Christmas, New Year, and Memorial Weekends

- 2 courses per session
- Each session is 10 weeks long
- Classes meet on Saturdays
  - Morning Class 9:00a-12:00p (Eastern)
  - Afternoon Class 1:00p-4:00p (Eastern)
D.Eng. Research Phase

• After completion of the classroom phase with a GPA of 3.2 or higher, and no grade below B-, students begin praxis research

• Praxis Research
  • During this stage, students will develop and defend praxis
  • Minimum half-hour individual research meetings initially every other week
  • Praxis defenses are scheduled for the end of the final semester of research

• Research course SEAS 8199 Praxis Research
  • Session I: Fall 2023, 6 credit hours
  • Session II: Spring 2024, 6 credit hours
  • Session III: Summer 2024, 3 credit hours
Praxis Research Areas
Cybersecurity Analytics

Sample Praxis Research Areas

- Addressing the Cybersecurity Malicious Insider Threat
- Exploring Cybersecurity Requirements in the Defense Acquisition Process
- Internet of Things Device Cybersecurity
- Cybersecurity of Networked Medical Devices
- Cybersecurity Challenges in Aerospace Industries
Admissions Requirements

- Bachelor’s and master’s degrees in engineering, applied science, mathematics, computer science, information technology or related field from accredited institutions
- A minimum graduate level GPA of 3.2
- A minimum of two college-level calculus courses.
  - Applicants who do not have a grade of C or better in two calculus courses but are otherwise qualified for admission will be required to take an additional course EMSE 4197, scheduled for July 11 through August 11, Mondays and Thursdays (7-9:30 pm ET), and Saturdays (1-3:30 pm ET)
- Relevant professional experience
Application Process

Application Packet requires:

- Online Application Form, available at: https://seasonline.gwu.edu/apply-today/doctor-of-engineering-cybersecurity-analytics/
- Current Resume
- Statement of Purpose
- Official Academic Transcripts

All submitted materials remain property of SEAS Online Programs
Application Process: Transcripts

Electronic Transcripts:
Send to: seasdeng@gwu.edu

Paper Transcripts:
Send to:
SEAS Online Programs Office
The George Washington University
170 Newport Center Drive
Suite 260
Newport Beach, CA 92660

All Transcripts must be sent directly from the institution
Application Process

• Admission decisions are made on a rolling basis and communicated via email.

• Admitted applicants must complete and return a reply card and a non-refundable tuition deposit of $995 in order to secure their slot in the cohort. Tuition deposit is applied to the first session’s tuition.
Doctor of Engineering Tuition

2022-2023 Academic Year:
$1,625 per credit

Answers to Frequently Asked Questions

• Transfer credit is not allowed toward doctoral programs.
• Students should expect to spend approximately 20 hours a week on coursework/research, including class attendance.
• Your research advisor will be assigned by the SEAS Online Programs Office after the successful completion of your coursework.
• D.Eng. in Engineering Management info session on Thursday, March 10 at 7:00pm (Eastern)
Any Questions?

To protect your privacy, questions regarding individuals’ specific application, degrees, background, or experience will not be answered during this Q&A session.
